

Communique #1 - 20th Oct 2011

Dear participants,

First of all, we would like to thank you for joining us last Saturday, some since 12 midnight and others from the morning.

With much regrets, we do agree that this is an imperfect race. Unexpected events have happened in the course. We have since lodged a police report and currently a police investigation, where we are not in the position to comment further. We wish to seek your understandings.

14km Split Time Check

Unfortunately, due to the above incident, there are participants who have genuinely missed the 14km Split Time Check. We do not consider that these as deliberate attempts to cheat or shortcut, but just pure unforeseen race condition. However, there are also those who realized the wrong turns and have taken extra efforts to find their way, ensuring that they check in and comply with the rules and regulation

Water Points

We apologize and agreed that we should have planned this better. After gathering the pre-race feedback, there are a total of more than 3,000 litre of water, 2000 litre of milo and 1400 litre of 100 plus been deployed out to the different water points in the original packing of 1.5l bottle. We acknowledged your feedback and this will be managed better in future.

Results

For all matters relating to results, please kindly write in to the [race director](#), before 23 Oct 2011. The results posted then will be deemed as final.

Once again, we would like to thank you for your patience and understandings.

Sincerely,

Dirtraction
Race Director
